Q: What Health & Safety measures are No. 25 taking?

A: The venue will be deep cleaned prior to and during events. Sanitation stations will be provided throughout the venue. Single use individual menus will be used for all events. We ask guests to refrain from gathering in large groups during drinks receptions and limit movement where possible during meal service. Bathrooms will operate with reduced capacity, guests will be asked to follow the instructional signage provided. Wait staff will wear protective masks and or face shields. In our kitchen the team will work from designated stations to ensure distancing is observed.

Q: What is the capacity of No. 25?

A: The venue capacity has been revised to 30 guests which is applicable for meetings, wedding ceremonies, drinks receptions, lunch, and dinner sittings. Capacities do not need to take staff numbers into consideration. Capacity and seating arrangements for a seated meal are based on 5 round tables in the Gandon Room. Capacity of each table is subject to the number of guests that share a household. To observe social distancing, the capacity of each table is 4 guests (total 20), to increase this to 6 guests (total 30) guests at each table must share a household.

Q: Will there be other groups in the venue?

A: No. 25 will continue to operate as an exclusive hire venue which means complete privacy for your event and undivided attention from our team.

Q: Will the bar be open and available to enjoy a drink at?

A: Based on current social distancing guidelines the Stapleton Bar will not be available to guests however our full drinks options will be available from your table during service.
